OBJECTIVES FOR CERTIFICATION TO ISO 14001

The objective of the Scheme is to provide an independent assurance of an Organisation's capability to work to an environmental management system conforming to the requirements of ISO 14001.

SCOPE

For Environmental Management System Certification, the scope of the assessment is all of the activities, processes, products and services at a given location.

THE BASEC MARK OF ENVIRONMENTAL MANAGEMENT SYSTEM CERTIFICATION

Environmental Management System Certification entitles an Organisation to use the appropriate British Approvals Service for Cables mark on letter headings, in advertisements and for other promotional purposes ***other than product marking***.

1. The use of the UKAS mark is prescribed by Regulations. Clients should check the validity of differing uses with BASEC.
 2. Product Marking comes under a separate scheme. Details are available separately.
